

January 2026

December was filled with holiday fun as the children explored all things Christmas! They loved pretending to make gingerbread and creating cookies and donuts in our Bakery, trimming Santa's beard, writing letters to Santa, and making and decorating ornaments. Grinch Day was full of fun, and we hope everyone enjoyed the special activities we planned.

We would like to extend a heartfelt thank-you to everyone who joined us for our concert and Christmas party afterward. It was wonderful to celebrate together, and we hope you enjoyed it as much as we did.

This month, our focus will be on Arctic animals, snow, ice, and winter. With all the snowfall, we'll even be bringing snow into the classroom for hands-on exploration in a warm and safe space. Toward the end of the month, we are excited to introduce the Olympics to our program for the first time! The children will enjoy a variety of fun activities inspired by Winter Olympic sports.

Earlier this year, we began learning letters, patterns, numbers 1-20, and using ten frames. To build on this progress, we will now be introducing sight words during circle time. This addition will help strengthen word recognition and support vocabulary development.

As the holidays have just passed, some families may be doing a bit of organizing or clearing out at home. If you have any gently used, age-appropriate toys for children ages 3-5 that you would like to donate, we would greatly appreciate it. All donated items must be in good condition, clean, and free of damage such as cracks or broken pieces. If you are interested in donating, please let us know—thank you for your continued support!
