

March 2026

February was such a busy and fun-filled month! We celebrated Groundhog Day, Valentine's Day, and Pink Shirt Day, and we had so much fun cheering on Team Canada at the Olympics. The children really enjoyed exploring these special days through hands-on activities, discussions, and creative play. It was wonderful to see their excitement and curiosity as they learned about each celebration.

Our Open House was also a great success! We were so happy to welcome many families into our space. Thank you to everyone who helped spread the word and support the event. If you are planning to attend next year, please remember to register as soon as possible, as spots are not automatically held or secured.

Looking ahead to March, the children have shown a big interest in space! We will be diving into all things space-related, learning about planets, stars, and astronauts. Our dramatic play area will be transformed into a Space Station, and we can't wait to see the imaginative adventures the children create!

Thank you for your continued support. We are looking forward to another exciting month of learning and fun! 🚀

Dr. Seuss Week

Dr. Seuss is one of our favorite children's authors, and we're excited to celebrate his birthday with a fun-filled Dr. Seuss Week! Each day, we will read a specific Dr. Seuss book and have a themed day inspired by that story. Please see the attached information for the daily book themes and details. We can't wait to celebrate and make it a memorable week for everyone!

St Patrick's Day

We'll be celebrating St. Patrick's Day in the classroom a day early, on **March 16th**, so everyone can join in the fun! The children will enjoy a variety of festive activities, and we invite them to wear **green** or **yellow** to be part of the celebration

March 2026

Purdy's Fundraiser - Orders Due March 10th!

A friendly but important reminder that all Purdy's orders must be submitted online before midnight on March 10th. Unfortunately, late orders cannot be accepted.

This fundraiser is incredibly important to us, as we are hoping to raise enough money to take the children on a very special end-of-year field trip. Your support truly makes a difference in helping us create these meaningful experiences.

Please consider sharing the fundraiser link with friends and family to help us reach our goal. The more orders we receive, the closer we get to making this exciting opportunity possible for the children.

Orders will be sent home on March 26th or 27th.

The Bread Lady

We are excited to welcome the Bread Lady to our classroom on March 27th. This is a wonderful hands-on experience where the children will learn about the ingredients used to make bread and then make their very own loaf to take home.

- All children will attend **together in the morning from 8:45 a.m. to 11:45 a.m.**
- There will be **no afternoon classes** that day.

We will need 4-5 parent volunteers to help make this experience a success. If you are available to volunteer, please send me a message on Brightwheel.

Eye Exams

If your child has not yet seen an eye doctor this year, now is a great time to book an appointment. Children's eye exams are covered under Alberta Health Services. If you haven't already scheduled your child's annual eye exam, we encourage you to consider doing so. Regular eye exams are an important part of supporting your child's learning and development.

Birthdays

Eva-Rose - March 4th

Lyla - March 9th
