

# April 2026

March brought a mix of different weather, but the signs of spring are finally starting to appear. There is definitely a light at the end of the tunnel!

We had a wonderful time celebrating Dr. Seuss Week. The children explored rhyming words and enjoyed a different Dr. Seuss book and activity each day. They had so much fun participating in the themed activities and discovering how playful words and stories can be.

This month the children also had a great time exploring all things space. Through stories, crafts, and imaginative play, they went on many adventures to the moon and Mars.

We are almost finished learning our letters and sounds. This month we worked on the letters F, W, V, and Q

The children have also been learning the sight words: Yes, No, I, Like, You, A, To, Red, Green, Black, and Orange. They have been practicing using these words in sentences and are getting very creative with their ideas.

Our Monday to Friday children have also been learning about word families. The children are doing a fantastic job sounding out letters and figuring out new words. So far we have learned the word families \*-at, -ap, -an, -ad, -am, -ig, -in, and -id.

We also had a special visit from the \*\*Bread Lady\*\*, who showed the children how to make bread. Each child was able to make their own mini loaf to take home and share with their family. It was such a fun and memorable experience for everyone!

I would also like to take a moment to thank all of the parents who came to help out. Experiences like this wouldn't be possible without your support, so thank you for taking time out of your day to help

# April 2026

The month of April will bring one of our favorite topics—**DINOSAURS!** The children always love learning about dinosaurs, and we will be exploring them through stories, activities, crafts, and play.

As the weather gets warmer and the snow begins to melt, please ensure your child is dressed for the changing weather. Melting snow and spring rain mean lots of puddles—and children **love puddles!** Rain boots and rain pants help keep everyone warm, dry, and comfortable during outdoor play.

**Picture Day** will be on **April 20th**. Studio Photography will be set up in the loft to take individual pictures of the children, as well as a **class photo**.

If your child will not be at school that day but you would still like to have school pictures taken, please let me know and I can provide you with the photographer's contact information. We usually receive the **picture order forms** within about a **week** after picture day.

**Ms. Gaby** will be coming back to do a special **dinosaur session** with the children. Both the **AM and PM classes** will attend in the morning on **April 24th**, and there will be no **afternoon classes** that day.

**Mr. Matt** will also be returning on **April 29th** for both the **AM and PM classes**. This will be his **final visit of the year**, and we are very excited to have him back!

We are looking forward to another exciting month of learning and fun!
